# THEJASWINI KK

**B.E. Electronics and Communication Engineering | 3rd Semester**

7892645750 | thejaswinikk006@gmail.com

## CAREER OBJECTIVE

Motivated Electronics and Communication Engineering student with a foundation in C and Python programming and a strong interest in embedded systems, IoT, and electronics. Seeking opportunities to apply technical knowledge, develop practical skills, and contribute to real-world engineering projects.

## EDUCATION

| | |
|---|---|
| B.E. Electronics and Communication Engineering | CGPA: 7.0 |
| Currently pursuing, 3rd Semester | 2025 – Present |
| 2nd PUC – RR Institution | 70% |
| SSLC / 10th – JVS | 90% |

## TECHNICAL SKILLS

- Programming Languages: C, Python
- Core Areas: Electronics and Communication, Embedded Systems, IoT fundamentals
- Languages: English, Kannada

## ACADEMIC PROJECT

IoT-Based Smart Home Monitoring System

- Designed a concept for monitoring home parameters such as temperature, light, and motion using sensors.
- Proposed a microcontroller-based system to collect sensor data and provide real-time status information.
- Applied basic C/Python programming concepts and electronics knowledge to understand data collection and automation.

## RELEVANT COURSEWORK

C Programming • Python Programming • Digital Electronics • Electronic Devices • Communication Engineering Fundamentals

## STRENGTHS

Problem solving • Quick learner • Teamwork • Communication • Willingness to learn new technologies

## ADDITIONAL INFORMATION

Interested in embedded systems, IoT, programming, and practical electronics applications.
